SAP / Oracle / Salesforce

**Infrastructure/Operations**  
Architecture / Network /  
Systems / Application Support

	Nearshore	Offshore
	Nearshore solutions from Latin America are a perfect fit for organizations seeking time zone alignment. Partnering with nearshore teams ensures efficient real-time communication and teamwork within overlapping working hours.	Opting for an offshore solution from Vietnam offers more substantial cost savings without sacrificing quality. Lower labor costs allow organizations to maximize their budget further while still accessing qualified professionals.
